Couldn't eat it raw, Red Lion comes to the rescue

Chip Dombrowski of North Bend, Ore., doesn't have an easy time with food. But the kitchen staff of the Red Lion bent over backwards to help out.

"I'm a vegan and have allergies to soy, gluten, dairy, etc.," he said. "So I decided to bring my lunch to the tournament each day because it's so difficult to eat in restaurants."

The trouble is, the food had to be cooked, and all he had in his room was a microwave oven, and that wasn't suitable.

That's when the Red Lion stepped up to the plate, to coin a phrase.

"They cooked it for me and said no charge," Dombrowski said.

It's just one gesture of many that the Red Lion has made to accommodate bridge players and make them feel welcome.

The hotel also provided free hors d'oeuvres at the wine party last night and has provided free coffee service during the games.
